

MENTORSHIP PROGRAM

The Juvenis Festival is looking for industry professionals who are interested in helping Kingston youth lead an original arts project. We are looking for individuals with expertise in a particular art form or just within the arts industry itself (i.e. arts administrators).

Each project leader will be paired with a mentor based on compatibility and the areas in which the youth project leader will need the most support.

Meetings between mentors and project leaders are expected to take place on a minimum of 3 occasions (Nov., Jan. & Mar), though communication may continue upon agreement between both parties.

YOU WILL HELP PROVIDE SUPPORT WITH:

- Idea Development
- Time Management
- Networking
- Resource Development
- Contingency Planning
- Inspiration

For more information or to express interest, contact
